poco a poco accel.

The last note of *Danse Macabre* is an Artificial Harmonic.

Stop E normally with the 1st finger, at the same time play A lightly with the pad of the 4th. This should produce a sound 2 octaves above the stopped note E.

4 HARMONICS 4

There are two types of harmonics playable on the violin. One is a NATURAL harmonic and the other ARTIFICIAL.

The following harmonics are natural, and are played half way up the string with the pad of the little finger.

Keep the left hand in 3rd Position and extend the fourth finger so that it rests lightly on the string. The violin will produce a flute-like note which is rather plaintive in sound.
